

## JGFA Scholarship-Hardship Application

This document is to inform the JGFA board the following:

would like to apply for assistance with league fees for the year .  
(Player - First Name Last Name)

Reason for hardship:

We, as a board for the program, would like to allow any player the opportunity to experience the sport of softball without the interference of additional cost to the player due to true financial hardships that may occur for the said player and family. All scholarships are given at the discretion of the JGFA Board and within the board budget.

The board will review each case and determine what type of scholarship shall be awarded or not.

Scholarships will be for the cost of the individual league cost for designated year to that player and **do not** include uniform costs or volunteer hours deposit. Buyout of volunteer hours will not be accepted and fulfillment of minimum hours are required along with minimum participation in JGFA sponsored fundraiser is required if either type of scholarship is awarded. Any remaining payments must be made on time per required or per approved scheduled. Failure to comply to requirements stated will result in future ineligibility for future hardship scholarships.

Families that received a full scholarship in the previous year will have a maximum award of a half scholarship for the current year.

If full scholarship is accepted an extra requirement of 6 volunteer hours will be needed. A half scholarship will require an extra 3 volunteer hours.

Please check which scholarship type applying for:

- Full Scholarship  
 Half Scholarship

Board will approve or reject application at next regularly scheduled board meeting.
